

FurnitureLab™ Conference Tables

Rectangular

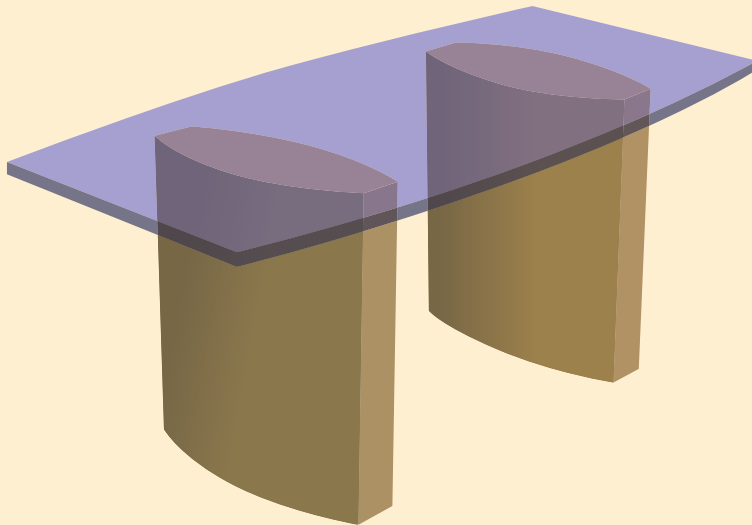

RaceTrack

Boat-Shaped

Below are the standard sizes for our Conference Tables. These are available in standard and graphic laminate. Custom sizes and shapes are available. Sizes larger than those listed below would be produced in two pieces.

36 x 72" (6-8)	42 x 72" (6-8)	48 x 72" (6-8)	60 x 120" (8-12)
36 x 84" (6-8)	42 x 84" (6-8)	48 x 84" (6-8)	60 x 144" (10-14)
36 x 96" (6-8)	42 x 96" (8-10)	48 x 96" (8-10)	
	42 x 120" (10-12)	48 x 120" (10-14)	
	42 x 144" (10-14)	48 x 144" (10-14)	

Bowed Base

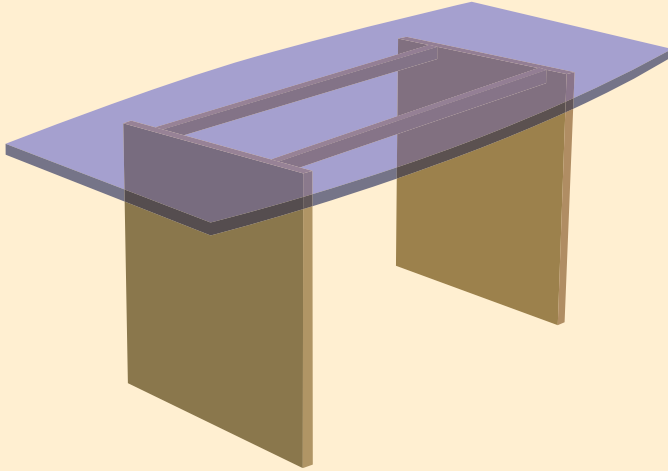

The Bowed Base can be made with a different laminate on the short side. The base is 9" wide at the center, tapering to 4" wide at the ends.

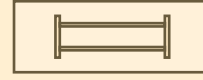

Construction:

Construction for all Conference Table Bases consists of high-pressure laminate over a particle-board or plywood core. Adjustable metal glides are used underneath the bases. Bases are mounted to the underside of the top with a 3/4" plywood blank that is attached to the base. The width of the base varies depending on the size of the top it supports.

FurnitureLab™ Conference Tables

Straight Base

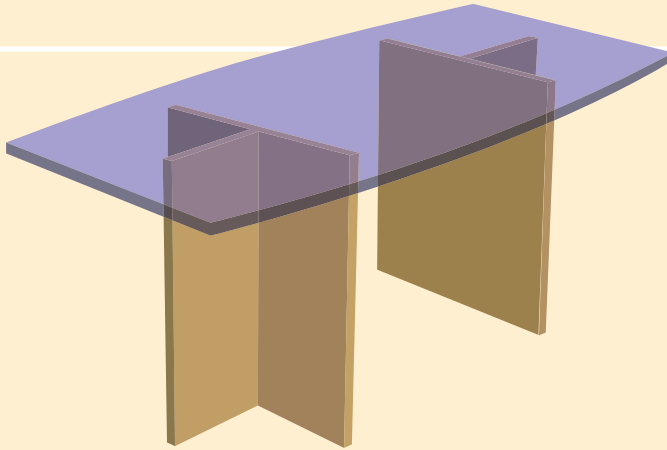

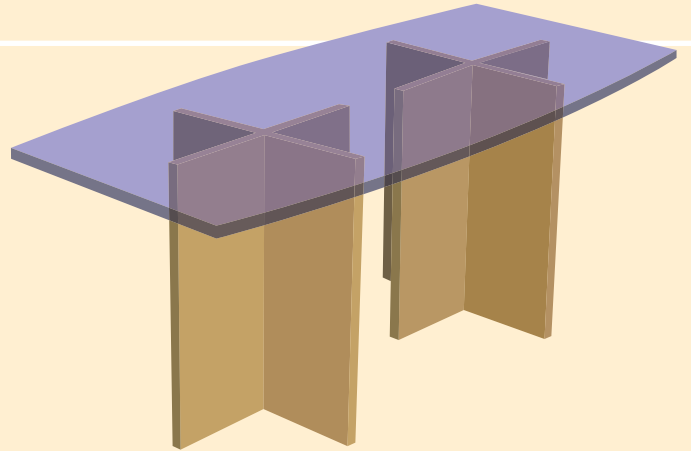

The two upright pieces are 2" thick and braced by two 2 x 4" pieces secured with lag bolts.

Cross Base

The Cross Base can be configured in two ways shown above.

Half-Cross Base

The Half-Cross Base can be configured in two ways shown above.

Angled Base

The Angled Base can be configured in two ways shown above.
