

## Momentum Fabric Patterns on FurnitureLab™ Tables

**Coordinating tables and chairs just got easier!**

*Morphe - Kelp*

At The FurnitureLab™, we're always working on new ways to make commercial dining furniture more creative and interesting. For more than a decade, we've been known for our ability to integrate graphics on commercial table tops.

Now, in addition to the hundreds of standard and custom designs available for wood and laminate tops, we're offering several new designs based on popular Momentum upholstery patterns.

With this new option, the playful textures, shapes, patterns and colors you love can be introduced on one more surface in your space - allowing you to achieve a unique look with very little effort.

Customize your space by replicating the pattern and colorways from your soft furnishings on your FurnitureLab™ tables. Or, specify custom scaling and colors to subtly reinforce and compliment your selected upholstery.

### How it works...

We've translated some of the most popular Momentum fabric patterns onto durable high-pressure laminate table tops. These easy-to-coordinate tables perform well in any high-traffic commercial environment.

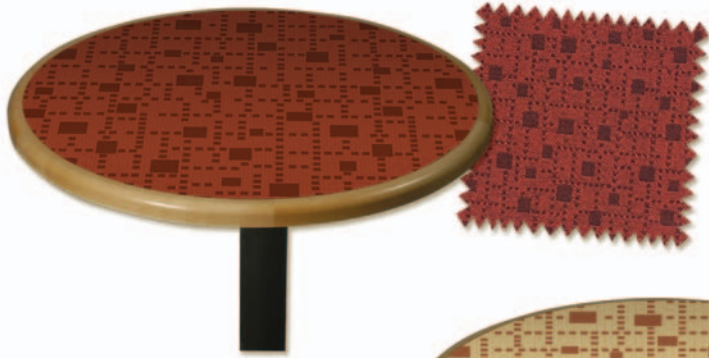

*Hugs & Kisses - Mint*

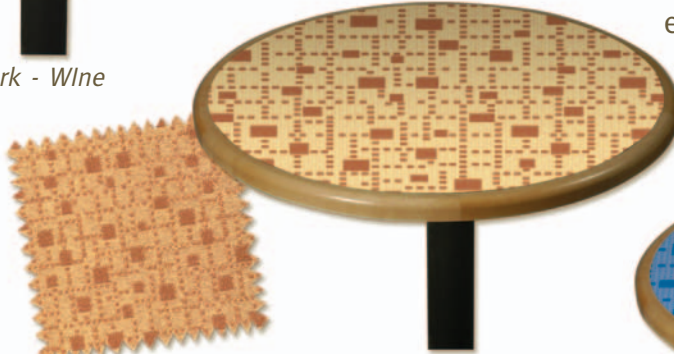

## Explore your colorful side

As with any of our standard designs, you are not limited by color. We can produce each pattern in any of the colorways shown in our catalog, like the illustration shown to the left.

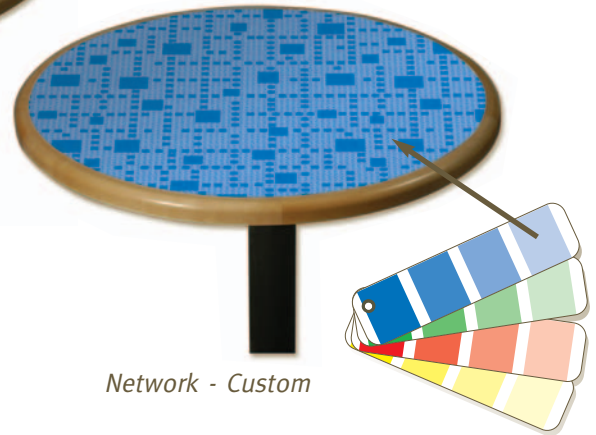

Or, you can custom define the colors of each element in your selected pattern at no extra charge as shown below.

*Network - Wine*

*Network - Glow*

*Network - Custom*

## Change the pattern size

In addition to endless color options, you can also alter the scaling of your chosen fabric pattern. The Merry-Tonic pattern is shown below in three different sizes.

*Merry - Tonic  
at 100%*

*Merry - Tonic  
at 200%*

*Merry - Tonic  
at 300%*

## Pricing

### Standard

Tables featuring Momentum fabric patterns shown in our catalog are priced the same as our Graphic Laminate table top standard designs. You can change colors of the patterns or the scale of the patterns for no extra charge.

### Custom

If you would like to use a Momentum fabric not shown in our catalog, or a fabric from another manufacturer, custom setup fees and design time charges would apply.
